FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Social Services (DOS)** stated that an additional \$250,000 would be required to bring the proposed Child Assessment Center (CAC) to the same level as the CAC's currently receiving funding through the DOS. They also note that this proposal would not add the Clay-Platte Child Assessment Center to the DOS-supported centers unless it could be done without additional state funds which would reduce funding for existing centers.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

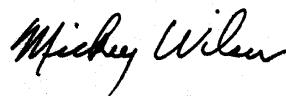

DESCRIPTION

This legislation would add the Clay-Platte Child Assessment Center to the list of regional child assessment centers funded by the Department of Social Services provided that assessment centers which are currently Department of Social Services funded would present the Department a modified funding formula which would allow funding of the Clay-Platte Child Assessment Center without additional state funding.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
